EDUCATION

BACHELOR OF CIVIL ENGINEERING

University of Technology

JUNE-2024

EXPERIENCE

Civil Engineering Consultant Assistant

Aug. 2024 - still working

Abraj Baghdad for Engineering Consulting - Baghdad

I served as an Assistant Engineer with the consulting engineers at the Karam Baghdad Complex in the Al-Adel neighborhood. Additionally, I contributed to two wedding hall projects located in the Al-Khadhra and Al-Amiriya neighborhoods. My role involved assisting with various engineering tasks, ensuring adherence to project specifications, and coordinating with different teams to achieve timely and efficient project completion. My experience included conducting site inspections, preparing technical reports, and supporting the overall project management to ensure high-quality results.

Print Designer

Jun. 2023 - still working

Al Buraq Stationary - Baghdad

I worked as a Print Designer at Al-Buraq Stationery, where I designed various print materials such as brochures, flyers, and posters. My role involved creating visually compelling designs, collaborating with different departments, and overseeing the printing process to ensure high-quality results. This position enhanced my graphic design skills and contributed to the stationery's branding and outreach efforts.

Intersection Analyst

Jan. 2024 - May. 2024

Graduation Project - Baghdad

As an Intersection Analyst for my graduation project at the University of Technology, I conducted in-depth analysis and research related to intersections. I utilized my skills and knowledge to gather and interpret data, identify patterns, and provide valuable insights for optimizing intersection design and traffic flow.

Computer Sales Specialist and Systems Software Advisor

Jun. 2022 - Aug. 2022

Al-Ostora Computer shop - Baghdad

My responsibilities included selling computer hardware and software, providing product recommendations, and offering technical support. I handled software installations, system configurations, and troubleshooting, ensuring customer satisfaction and staying updated on industry trends.
